TOWN MEETING WARNING

The legal voters of the Town of Moretown and the Moretown School District, are hereby warned and notified to meet at the Town Hall in Moretown on Tuesday, March 4, 1941, at ten o'clock A. M. to transact the following business:

ARTICLE 1. To Elect a Moderator.

ARTICLE 2. To Elect a Town Clerk.

ARTICLE 3. To Act on the reports of the several Town and Town School District Officers.

ARTICLE 4. To see if the Town will vote to instruct the Selectmen to appoint one or two Road Commissioners.

ARTICLE 5. To elect all necessary Town and Town School District Officers.

ARTICLE 6. To see if the Town will vote to have the taxes on real and personal property paid in installments and to fix the dates of payment of taxes.

ARTICLE 7. To see if the Town will vote to have the taxes paid to the Treasurer or to the Collector of Taxes.

ARTICLE 8. To see if the Town will vote to provide any discounts regarding the payment of said taxes and if so, how much.

ARTICLE 9. To see if the Town will vote to authorize the Selectmen to borrow money to pay the current expenses of the Town in anticipation of taxes for that purpose.

ARTICLE 10. To see if the Town School District will vote to authorize the School Directors to borrow money to pay current expenses of the Town School District in anticipation of taxes for that purpose.

ARTICLE 11. To see how much per cent the Town will vote to raise on the dollar of the grand list of the Town for the year 1941 to pay the current expenses and indebtedness of the Town and State and County taxes.

ARTICLE 12. To see how much per cent the Town School District will vote to raise on the dollar of the grand

list of the Town School District for the year 1941 to pay the current expenses and debts of the Town School District.

ARTICLE 13. To see if the Town will vote to take advantage of the extra \$25.00 per mile granted by No. 101 of the Acts of 1937.

ARTICLE 14. To see if the Town will vote to appropriate a sum of money to take advantage of the State Aid law for resurfacing selected highways.

ARTICLE 15. To see if the Town will vote to instruct the selectmen to pay off the 1st mortgage on the J. A. & Eva M. DeLary farm, held by the Northfield Savings Bank, in order to protect the 2nd mortgage which the Town of Moretown now holds. And if the Town so votes will it elect an agent to convey any or all of said farm under the direction of the Selectmen. A deed of said farm will then be in possession of said Town of Moretown.

ARTICLE 16. Shall licenses be granted in this Town for the sale of malt and vinous beverages.

ARTICLE 17. Shall spiritous liquors be sold in this Town.

ARTICLE 18. To see if the Town will vote for Day-light Saving Time.

ARTICLE 19. To elect two members of the Budget Committee in place of those whose term expires.

ARTICLE 20. To transact any other legal business.

H. J. NELSON,
F. S. HOWES,
W. J. SHEPARD,
Selectmen.

To the Citizens of Moretown:

We are maintaining six schools in Moretown, employing seven teachers, two in the village school and one in each

of the others. The "Town" year and the "School" year are not the same, so to explain the comparative cost of schools note that from February to June, 1940, Flannagan and Taplin were combined, but beginning in September 1940, Taplin was re-opened.

Cox Brook school remained closed this year with Forest Berno transporting his children to the Berlin school. A problem may develop there in that several families have established themselves in Moretown, very close to the Berlin line, also close to the Berlin school. Children of these families have tuition paid by the Moretown school department. The Berlin school board has notified Moretown that the tuition rate will be thirty dollars a year per pupil as against a previous thirty-five dollars.

The Village school has had the inside walls thoroughly washed and the furnace overhauled. New swing hangers and chains were placed on the playground. There are 21 pupils in the Grammar room and 33 in the Primary room.

The Flannagan and Taplin schools continued as one school until June. In the summer the swings were repaired as at the Village school. In September it seemed better to re-open the Taplin school and these schools are now running separately. There are 13 pupils in the Flanagan school.

The Taplin school was hurriedly opened in September but the arrangement seems satisfactory. There should be considerable repair work done on the Taplin school during the summer. There are 12 pupils in the Taplin school.

The Jones Brook school has 21 pupils. Swings were added to the playground there. The school board realizes there are unnecessary damages to this school, probably because the pupils come from greater distances than in the other schools. They are trying to keep the school in repair. New grates have been put in the stove. The inside was varnished.

The Common school is in good condition. It was varnished and painted inside and the swings repaired. The School now has six pupils, two of whom graduate in June. The School Board realizes the value of this school as a Community Center and hopes it will remain that; but unless there are other families move in, would recommend the four pupils left next September be brought to the Village School.

The Rockbridge school continues to be one of our largest schools with 35 pupils. The building is in good condition. The surplus pupils of this district are placed in Duxbury and Waterbury as last year. In accordance with the State Law of 1935 No. 91, which permits a local School Board to expend not more than three percent of a current year's budget on health service, the School Board allowed Rockbridge \$10 toward a dental project. Also it allowed \$10 toward tonsil operations for Moretown children attending the Duxbury Corner school.

The High School tuition continues about the same as last year. Notice has been received from Montpelier that beginning the school year 1941-1942, Montpelier High School tuition will be \$80.00 per year. The Town only pays \$75.00 a year on any one pupil for not more than four years.

The School Board has tried to adjust school problems as well as possible. The situation of most of the schools on much travelled highways offer new problems. Possible bills before the present Legislature may likewise present new problems.

The School Board welcomes suggestions and criticism that will improve the efficiency of that Board.

The School Board wishes to thank the townspeople, teachers and pupils for their cooperation in the past year.

To the Voters of Moretown—

As your superintendent of schools, I wish to report good progress during the year. Your teachers have been faithful and loyal. The criticisms you parents have made—justly or unjustly—have all received careful consideration and fair adjustment made to the best of my ability.

A new set of spelling books have been placed in each grade, beginning with the third, and have been enjoyed by the students. They have been found very satisfactory, also, by the teachers.

The Rugg books have been replaced by another text. These have been replaced not because I agree with the unfavorable criticism given them by the press, but because I doubt if any one person is capable of defending any book.

Another year I would like to introduce a more modern reader. The one to which I refer has been used in another town in my district, and has been found very satisfactory.

A gradual reduction in school population in parts of the town will require some adjustments. Some school may have to be closed and transportation provided where necessary. These problems cannot be foreseen, but will have to be treated as they develop.

The opening of the Taplin school removed a problem in transportation that has never been entirely satisfactory. This school is the only one in town not standardized, and it might be best to leave that matter until we are sure that there will be enough children to warrant keeping it open.

This past year children living near the Duxbury Corner have been accommodated at the Duxbury Corner school. This arrangement is mutually advantageous, and should be continued.

What has been accomplished has been possible only through the cooperation of school board, teachers and townspeople.

Cordially yours,

W. ROY LeBARON, Superintendent.

BUDGET COMMITTEE REPORT

The attendance of the representative town officers at the Monthly Meetings has been very encouraging and reveals the fact that we are fortunate in having officials who are earnestly endeavoring to cooperate with each other to the end that this town may be operated in an efficient and satisfactory manner. The direct value of the Budget Committee to the town is dependent upon this cooperation.

Satisfactory and efficient management of the Poor Department has become such a technical and legal problem in some towns that the voters have decided to place this responsibility in the hands of the Board of Selectmen giving them the privilege of operating the Overseer's Department themselves or appointing someone for whom they would be directly responsible. With absolutely no reflection on the endeavors of the present Overseer we would like to see and recommend that this system be tried out for a year or two.

Orders drawn by the various departments against Town Money voted last March are:

General Fund	\$10,507.08
Overseer	2,717.63
Roads	2,033.15
Schools	11,154.65

We suggest that the Town endeavor to operate on a \$2.20 tax rate made up as follows:

OLD AGE ASSISTANCE DEPARTMENT
STATE HOUSE
MONTPELIER, VERMONT

For the information of your taxpayers the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your Town amounted to \$3,333.75 during the year January 1, 1940 to December 31, 1940.

The number of recipients in December, 1940 was 14.

The resources of this department and its ability to make payments are determined by the state appropriation which is matched by federal funds.

The administrative expenses of the department during the year was 4%.

The advice and council of local officials and interested people are gratefully acknowledged by this department and its field staff.

Very sincerely yours,

W. ARTHUR SIMPSON, Director

Amount paid by Town \$1,080.00.

To the Citizens of Moretown:

The financial statement of the School Board should have a word of explanation.

In 1939 the crowded condition of the Rockbridge School was causing considerable agitation. The Rockbridge School itself was crowded and Duxbury was not anxious to take Moretown pupils in their school. So the Town voted the schools 90 cents with the suggestion of saving part of this to build up a surplus to be used in relieving the situation by building or transporting. That year \$2,178.19 was saved but Duxbury no longer objected to Moretown pupils and the State Board of Education advised against building a school immediately adjacent to another. The balance was held in reserve.

This year there are 30 pupils in the Rockbridge School. There are 14 Moretown pupils in Duxbury and 5 in Waterbury. These pupils will cost \$665 in tuition for the year. An average one room school operates for about \$900.00 a year, \$300.00 of which would be returned in State Aid. So, as the situation now is, there is no financial gain either way.

However, the School Board feels the time may come when there should be a change. With that in mind, they suggest this reserve continue to be held until such time as building materials and labor are more available than at present.

The Rockbridge School was painted inside this year and should be painted outside next year. There are 31 pupils attending the school.

The Jones Brook School has 20 pupils and is being satisfactorily maintained. The school was thoroughly cleaned but needed no major repair work done.

The Taplin School is open this year with only 7 pupils. However, this is more satisfactory than transporting small children and also increases the State Aid by \$300. The school was painted outside and other repair work done.

The Flannagan School is in good condition and serves 10 pupils. The Flannagan P. T. A. purchased and installed a slide at this school.

The Common School is very small, having but 4 pupils. This school is so situated as to make transportation of the four difficult and again, the State Aid of \$300.00 offsets the expense, which is less than the other schools.

The Village School is in good condition. There are 20 pupils in the Grammar room and 27 in the Primary. Additional swings have been bought to be put up in the Spring.

There are fewer children from the Cox Brook district attending the Berlin School. This is the most satisfactory arrangement there.

The School Board urges the parents to visit the schools while in session and cooperate with the teachers as much as possible. In this time of great National Emergency, let us keep the daily life of the children as steady and normal as possible.

The School Board feels sure the cost of maintaining the schools will be greater the next year because of higher prices on all repair materials and labor.

If we wish to obtain or retain good teachers, we will need to increase salaries. The School Board hopes the town will vote the same, 85 cents as they had last year.

The School Board thanks the townspeople, teachers and pupils for their co-operation the past year.

ALINE WARD,
FRED HOWES,
W. A. ROBY,

School Directors.

The Town of Moretown is hereby notified that the tuition charge for each nonresident pupil in the Montpelier High School will be eighty-five (\$85.00) per year after June 30, 1942. This increase will become effective at the beginning of the 1942-1943 school year.

The Town complies with the State Law and pays \$75.00 on all High School pupils. It would not be fair to do otherwise. However, Montpelier furnishes text books, while the other adjacent High Schools require their pupils to buy their own.

To the voters of Moretown: As your superintendent of schools I wish to report that all teachers in the town have given very satisfactory service.

It seems quite necessary to tell you about the conditions which will confront your school board for the next year. Enrollment in our normal schools, which prepare teachers, is only eighty per cent of what it was last year. Even last year it was necessary for us to go out of the state to hire teachers. Not only the teachers and prospective teachers in our own state but those from other states as well are more and more accepting jobs in industry, attracted there by the higher salaries paid to them. This shortage of teachers may force us to consolidate some of the schools which would mean some loss of state and also an added expense in transportation. These factors would tend to increase per-pupil cost.

In order to retain some of our present teachers, salaries will have to be increased by as much as ten per cent. This increase of ten per cent would not make up for the twenty-five percent increase in the cost of living but it might encourage some to stay in teaching. Books and supplies have already increased fifteen percent and there will undoubtedly be further increases in the prices of those items.

In view of these facts I cannot see how it will be possible for you to reduce your school budget for the next year.

I wish to take this opportunity to thank the teachers, parents and school board for their fine cooperation with me this past year.

Cordially yours,

W. ROY LeBARON,
Superintendent.

BUDGET COMMITTEE REPORT

In spite of the increased cost of labor and materials throughout the year, we feel that our town officers have made an earnest endeavor to keep expenses within the money available.

We recommend that the Treasurer or Constable be authorized to check all outstanding orders and have them brought to the current year by either cancellation or payment.

That the Town officers group their orders for the various jobs and report only totals. This would result in an annual saving to the Town of about fifty dollars.

That delinquent taxes appear in the Town Report for the past two years only.

We suggest a \$2.35 tax rate as follows:

OLD AGE ASSISTANCE DEPARTMENT
STATE HOUSE
MONTPELIER, VERMONT

For the information of your taxpayers, the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your Town amounted to \$3,502.00 during the year January 1, 1941 to December 31, 1941.

The number of recipients in December, 1941 was 13.

As this program touches every community and many persons, we believe the public should know the following facts:

Expenditures for Old Age Assistance in Vermont amount to over \$1,000,000 a year. All payments are made on a budgetary basis and only after complete investigation by a trained social worker employed under Civil Service regulations. Since the beginning of the program ninety-six cents out of every dollar available to the Department has been expended for the aged and only four cents used for administration.

The increased cost of living and its effect on the budgets of some 5,600 aged persons currently receiving assistance each month constitutes a serious problem, impossible to solve because it is a financial one. This situation also prevents grants of assistance to new applicants who, in many cases, are quite as needy and deserving as those already receiving assistance. The resources of this Department and its ability to make grants are determined by the State Appropriation, which is matched by Federal funds.

The advice and council of local officials and interested persons have been very valuable and are gratefully acknowledged.

Very Sincerely yours,

W. ARTHUR SIMPSON, Director

To the citizens of Moretown:

The Moretown Schools opened with an enrollment of one hundred ninety-one pupils. The Village School has 21 in the Primary Room, 18 in the Grammar Room; Rockbridge, 25; Taplin, 10; Flannagan, 11; Common, 8; Jones Brook, 18. There are 11 Moretown pupils in Duxbury Corner School, 8 in Waterbury Elementary School; 9 in Berlin School. About 45 Moretown pupils are in High School.

There was little repair work done this year, due partly to the scarcity of labor. The Rockbridge School was painted on the outside, the Village School on the inside. A new Delco Pump was installed in the Village School. It is the intention of the Superintendent and Board to keep the Schools in good repair at all times.

Our teachers all deserve praise for their war efforts. They were called upon, with very short notice, to ration sugar, gasoline, and kerosene. Not one teacher objected or complained. They are teaching under contracts issued last March. If we are to keep or get good teachers we will have to offer them more money.

It will also be necessary to pay more for fuel and repairs.

We have prepared a budget, and recommend a tax of ninety cents.

The Schools are your schools. It is your privilege to suggest and criticize the government of these schools to your Superintendent and School Board. They are scattered over so broad an area you should visit your own often. It is also your duty to stand by the authority of the teacher; she is trained for her job and is trying to make good at it.

The purpose of all education is to help boys and girls to grow mentally and morally, to help them to become better and more useful citizens. We feel that this goal is being reached in the schools of Moretown and with the continued support and loyalty of the citizens of Moretown we will find more children graduating from our schools who are ready to accept intelligently their responsibilities in their community.

Mr. Roy Le Baron was released from the position of Superintendent to serve the Navy of the United States.

Mr. Rupert Spencer was elected to serve as Superintendent in his place. Mr. Spencer had been Principal of Lamoille Central Academy since 1934. He was graduated from Norwich University in 1929, and received his Master's degree from University of Vermont in 1942, with special work in rural elementary education.

The town of Moretown is hereby notified that the tuition charge for each non-resident pupil in the Waterbury High School will be eighty-five (\$85.00) per year after July 1, 1943. This increase will become effective at the beginning of the 1943-1944 year.

Tuition in Montpelier High School is likewise \$85.00.

Waitsfield, Northfield, and Randolph High Schools continue to charge \$75.00 tuition; which is the amount paid by the town.

OLD AGE ASSISTANCE DEPARTMENT
STATE HOUSE
MONTPELIER, VERMONT

For the information of your taxpayers, the customary annual statement is presented for your town report.

Payments of Old Age Assistance to persons applying from your town amounted to \$2,724.50 during the year January 1, 1942 to December 31, 1942.

The number of recipients in December, 1942 was 13.

As this program touches every community and many persons, we believe the public should know the following facts:

The increase in the cost of food, fuel, rents and services constitutes a serious problem to persons dependent on small fixed allowances and has been the cause of much concern to the Old Age Assistance Department which is responsible for the welfare of about 5,400 aged individuals now receiving assistance. In addition, there are some 500 eligible applicants who cannot yet be helped because sufficient state funds are not available.

The resources of this department and its ability to make grants are determined by the state appropriation which is matched by federal funds. The Legislature, conscious of the needs of the aged citizens of the state, has frequently given favorable consideration to this problem. The expenses of administering the program have been the lowest of any state in the Union on a comparable basis.

The advice and council of local officials and interested persons have been very valuable and are gratefully acknowledged.

Very sincerely yours,

W. ARTHUR SIMPSON, Director

STATE OF VERMONT
EXECUTIVE DEPARTMENT

Mr. H. G. Ward, Clerk
Town of Moretown
Vermont

Dear Mr. Ward:

Moretown having accomplished an outstanding job in the collection of salvage for the contest period July 1 to December 31, 1942, by exceeding the 110 pounds per capita required, is hereby awarded the right to inscribe "M" for Merit on the annual report for the year 1942. In testimony thereof, this certificate is presented.

Wm. H. Wills, Governor

VERMONT SALVAGE COMMITTEE

A. Vail Allen, Chairman

J. O. Baxendale, Executive Secretary

To the People of Moretown:

During the past year the people of the State of Vermont have purchased \$18,000,000 worth of War Savings Bonds. This represents an investment of approximately \$50 for every man, woman and child in the State.

Vermonters were able to buy \$18,000,000 worth of bonds last year mostly because 410 industrial and mercantile establishments throughout the state have provided a means whereby their employees can buy bonds on an installment basis. More than 38,000 men and women are included in the plan. Every week or every month these employers deduct from the employee's wages the amount that the employee has designated and the money is invested in War Savings Bonds.

Good though this record may appear it is not good enough. As Vermonters we did not meet the quota assigned to us, a quota based on known earned income. There are thousands of people throughout the State of Vermont **who have not yet bought a bond**, people who can and should buy them.

When you read this town report and realize that you manage your own town affairs because this is a free country just ask yourself, "Am I putting enough into this war effort to insure a continuance of freedom?" If you are not, then make plans to start buying stamps and bonds at once. Make a regular, definite commitment to buy systematically. Only in that way can you derive the full advantage of having such an investment offered you. Only in this way can our Government derive the benefit of your money **NOW**.

Our President says, "We fight to retain a great past . . . We fight to gain a greater future." Do your part by buying bonds.
